To: The United States Federal Court

I Calvin Scott, Sr. am a Blind Vendor with the Alabama State Rehabilitations Business Enterprise Program (BEP) for the blind in Montgomery, Alabama. I have been a blind vendor in good standing in the program for the past 29 years.

My assigned work facility is the Gordon Person's State office Building located at 50 Monroe St in Montgomery, Alabama 36104. I have performed outstanding vendor services in the Gordon Person's State Office Building for the past 9 years of my 29 year career in this business.

Several months ago in the year 2004, I had problems getting to one of my snack machines because the area where the machine is located had been locked. I phoned my representative, Ken Green, and told him about this problem. Ken Green phoned me back and told me I would have to go to the building manager, James Swearengin, Jr., to get a key. I explained to Ken Green that I am the permanent vendor in the building and I should have a swipe key like all the other employees. I also explained to Ken Green that with him being my representative, he should see that I have a swipe key.

A few days later, Ken Green phoned and told me that he had worked it out. Ken Green said I could get a permanent key and told me to go to James Swearengin's office and pick up the key.

I went to the building manager's office (James Swearengin, Jr.) office and was given a swipe key. James Swearengin, Jr. told me to keep up with the swipe key and not to loose it because it would cost me to replace it.

On January 27, 2005, the swipe key would no longer unlock the door where my snack machine was located. On January 31, 2005, my assistant (and wife Gladys Scott) told James Swearengin, Jr. (the building manager) that the swipe key would no longer unlock the door where my snack machine was located on the fourth floor of the building. James Swearengin's response to my wife at this time was that the key she has is only for vendors to pickup in his office and return when they are finished.

James Swearengin, Jr. then says to my wife "who gave you this swipe key? Did Carol (Swearengin's Secretary) give you this key?" My wife answered, no you gave it to me and you told us to keep up with it and not to loose it because it costs money to replace it. James Swearengin, Jr. then says "I don't recall giving you a key." My wife responded, "yes, you did and you told us to keep up with it, not to loose it, because it costs to replace it. My wife repeats to him again "yes you did", then James Swearengin tells my wife "well, I changed my mind", James then goes on to say "you don't work for the State of Alabama and you all are self-employed." My wife said to James "my husband Calvin Scott, Sr. is employed through the State Rehabilitation Business Enterprise Program for the Blind. James Swearengin, Jr. repeated again "I changed my mind", then he took the swipe key from my assistant/wife Gladys Scott.

I, Calvin Scott, Sr. and my assistant/wife Gladys Scott conferred with Ray Dennis (BEP Director) and my representative Ken Green on January 31, 2005. In this conference we told them about James Swearengin, Jr. (the Gordon Person's Building Manager) taking the swipe key from us.

I also stated to Ray Dennis and Ken Green that I am the permanent vendor in the building and I should have a swipe key just like all the other State of Alabama employees. I asked Ray Dennis and Ken Green for three requests during this conference. The three requests were:

1. Acquire us a permanent swipe key
2. Acquire us a parking space in the loading dock for me (the blind vendor) because we have trouble parking in the loading dock and have been harassed by the security guards for all of the nine years I have worked there.
3. Remove/relocate the snack machine from the restaurant area to the hallway because it is out of the eye of the customers. Because when the restaurant is closed no one can utilize and make purchases from our vending machine.

The results of this conference with Ray Dennis (BEP Director) and Ken Green my representative on January 31, 2005 I received from Perry Hopper (Assistant BEP Director) and Ken Green on February 9, 2005.

**TELEPHONE CONVERSATION FEB. 9, 2005 WITH PERRY HOPPER & KEN GREEN**

Ken Green (my BEP Representative) and Perry Hopper (assistant Director BEP) phoned me on February 9, 2005. During this phone call we asked them did they contact James Swearengin, Jr. (building manager) to see if he would grant us our three requests. Perry Hopper state that James Swearengin, Jr. had written Ken Green a letter on Monday February 7, 2005 stating that the Scott's (meaning my wife/assistant and I) could no longer be the vendor at the Gordon Person's Building. Perry Hopper then said to my wife/assistant Gladys that they had to beg James Swearengin, Jr. for Calvin to keep his job. He then stated that my wife/assistant Gladys could no longer work with me. Perry Hopper stated that Calvin has three days to find himself a new driver and assistant. James Swearengin, Jr. said that my wife/assistant Gladys has only three more days to work with me and after that she was no longer allowed in the Gordon Person's Office building. My wife then asked Perry Hopper why is this? She continued by asking why are you all (Perry Hopper, Ken Green, and Ray Dennis) allowing this to happen, all because we asked for three simple and reasonable requests?

Perry Hopper then says Gladys you have been breaking building management rules by leading Calvin into secure areas without a swipe key, and that you had a gun in the building. Perry Hopper says that you can no longer work with or assist Calvin in order for him to keep his job at the Gordon Person's office building. I stated to Perry Hopper that we had a swipe key and Ken Green told us it was a permanent swipe key for us to keep. But on January 27, 2005 the swipe key would no longer unlock the door and we could not get into the area to service our snack machine.

My wife/assistant and I have not broken any building rules nor have we ever had a gun in the State Office building. My wife stated to Perry Hopper and Ken Green on the phone that it appears that he, Perry Hopper, and Ray Dennis collaborated with James Swearengin, Jr. to create these lies that are now being told and are using them to run us out of the Gordon Person's office building. She then told them that they are doing this all because they do not like us and that they are mad about us asking them for the following three requests:

1. Acquire us a permanent swipe key
2. Acquire us a parking space in the loading dock for me (the blind vendor) because we have trouble parking in the loading dock and have been harassed by the security guards for all of the nine years I have worked there.
3. Remove/relocate the snack machine from the restaurant area to the hallway because it is out of the eye of the customers. Because when the restaurant is closed no one can utilize and make purchases from our vending machine.

My wife then says to Perry Hopper and Ken Green that Calvin asked his advocates(BEP) to bring him back a fish and all they did was bring him back a serpent, and this is shameful. Perry Hopper stated to my wife/assistant Gladys, well James Swearengin, Jr. is

giving you three days to work with Calvin at the building and Friday February 11, 2005 will be your last day. Mr. Swearengin no longer wants you in the building.

Perry Hopper stated to my wife and I that he (Perry Hopper) would be mailing Calvin three letters to followup on the decisions that they all (Perry Hopper, Ray Dennis, and James Swearengin, Jr.) have agreed to.

On February 11, 2005 FEDEX delivered the mail to our home and I sat listening as my wife read the letters. James Swearengin, Jr.'s letter is full of terrible lies about me and my wife/assistant Gladys.

I, Calvin Scott, Sr. felt emotionally drained, grieved, oppressed, abused, and over burdened that my advocates (BEP) have turned out to be my greatest adversaries. This was all done because they did not want to accommodate by making my workplace convenient for me to operate within.

I am really hurt that BEP has caused me these problems. Ray Dennis (BEP Director) inventoried me out of the program on February 23, 2005 because I could not get anyone else to drive me to work nor to assist me with servicing my snack machines. It is very apparent to me now that Ray Dennis (BEP Director) had all intentions of eliminating me from the BEP program by not allowing my wife/assistant to work with me in the Gordon Person's office building. They all knew that my wife has assisted me for all of the 29 years I have worked in the program and they saw an opportunity to finally push me out of the program.

Enclosed are the terrible letters I received from the BEP Director Ray Dennis including the letter that James Swearengin, Jr. had written to Ken Green demanding that we be removed from the Gordon Person's office building on February 7, 2005.

Federal Court, I and my assistant/wife Gladys Scott is pleading with the court to punish the BEP Director and my representatives for all the pain, harm, and financial losses that have occurred because of their decisions that are clearly in violation of both State and Federal Title I, II and 504 laws protecting citizens and workers with disabilities.

Sincerely,

*Calvin Scott Sr.*

Re: Civil Lawsuit Status

Dear U.S. Department of Education Secretary Margaret Spellings:

I, Calvin Scott, Sr., am a Blind Vendor with Alabama State Rehabilitation Business Enterprise Program(BEP) for the Blind in Montgomery, Alabama. I have been a blind vendor in good standing in this program for the past 30 years.

My assigned work facility is the Gordon Person's State Office Building located at 50 Monroe St in Montgomery, Alabama 36104. I have performed outstanding vendor services in the Gordon Person's State Office Building for the past 10 years of my 30-year career in this business.

In February 2005 the State of Alabama Department of Finance building manager along with my Business Enterprise Program Director and Representatives collaborated against me in an effort to take my job, however, in their haste they violated Federal and State Laws of Title I of the Americans with Disabilities Act (ADA), Title II, Title 504, and Alabama State Code 1975 §§ 21-1-40, 21-9-1 and 21-9-9; 20 U. S. C. § 107 et. Seq and committed libel, slander, and defamation of character.

On February 24, 2005 I was fired and inventoried out of the B.E.P. for the Blind without any hearings nor a Full Evidentiary Hearing as required by State and Federal Laws.

I immediately contacted the U. S. Department of Education Office for Civil Rights and provided full details of what had transpired and after a thorough investigation the Department of Education Office for Civil Rights provided me with their findings as well as supporting documentation that I acquired through the Freedom of Information Act. The letter I received from the Department of Education Office of Civil Rights in June 2005 stated that I as the complainant may file a private civil lawsuit pursuant to Section 203 of the Americans with Disabilities Act whether or not OCR finds violations of Title II.

My numerous attempts to retain an attorney that wasn't afraid of filing suit against the State of Alabama failed, so this left me no choice but to take matters into my own hands by filing my own civil lawsuit on July 14, 2005.

After I had written several letters to Federal and State governmental leaders, about 30 days after they fired me the Alabama Department of Rehabilitative Services along with the State of Alabama Department of Finance was forced to reinstate me back into the B.E.P with my same building assignment.

My first civil court appearance was short lived because Judge Charles Coody stated that I must follow the rules of the Randolph Sheppard Act which stated that I must exhaust every attempt to mediate through the system up to and including a Full Evidentiary Hearing before I could seek relief in the Civil Court system. He ordered that the Full Evidentiary Hearing be held within 20 days and that the results of the hearing be reported back to him when complete.

On Oct 6, 2005 the Full Evidentiary Hearing was held at the order of Judge Charles Coody and was mediated by hearing officer Frank S. James, III. In this hearing I provided page after page of documentation fully implicating each of the defendants from the State of Alabama Department of Rehabilitative Services and the Department of Finance State office building manager. I even provided documentation that the same defendants had tried this slanderous tactic before back in 1996. The defendant's lawyers had no defense against all of the written documentation I provided and my case was solid.

However, in the end the hearing officer Frank S. James, III failed to provide me with the justice I was due and he also failed to fully document the hearing and intentionally left out key points of information in an effort to side with the defendants.

After doing more research I was told that my next step in this civil lawsuit pursuit would be to contact the U.S. Dept of Education Secretary.

In closing, please advise me as to what my next steps will be in this process. I pray that the U.S. Dept of Education will provide me with the justice that I have earned and deserve.

Thank you for your time and I look forward to hearing from you soon regarding this important matter.

Sincerely,

Dear Mr. Scott:

I am writing in response to your October 23, 2005, letter to Secretary Margaret Spellings in the U.S. Department of Education (Department), which was forwarded to the Office for Civil Rights (OCR), for reply. In your letter, you alleged that your employer discriminated against you because of your disability. You also alleged you filed a complaint with OCR and then filed a civil suit against your employer. You claimed you were informed that you should contact Secretary Spellings for further assistance, as you did not feel the results of the civil suit were just.

I have forwarded your correspondence to the Office of Special Education and Rehabilitative Services (OSERS) for review. That office may be able to assist you further with this matter. You may contact that office directly at the following mailing address or telephone number:

MEMORANDUM

TO: Ken Green  
 FROM: James Swearengin, Jr., Manager  
 Gordon Persons Building  
 SUBJECT: Parking Problems

I know that you are aware of the parking problem that I am having with Calvin and Gladys Scott. I have attached a copy of a letter that Mrs. Scott gave me.

I, personally, am insulted with this letter. I have been more than fair with the Scotts about parking in the loading dock area. I have explained to yourself and the Scotts that this area is not a parking area, but for loading and unloading only. I have explained that I would allow them to park in the area under the security guards supervision. The Scotts have not been able to work under these conditions and are still insisting that I assign them special privileges for parking.

The Scotts and my security guard have had words due to their not wanting to park where instructed. Mr. Calvin Scott has threatened Mr. Morris with bodily harm. I do take this type of threat seriously. Mr. Scott is of mature age to know better than to threaten someone with this type of threat.

Their actions and continuous problems have put me in a position to take some type of action against this unstable matter. If something serious were to happen due to this above threat I would have known about the problem in advance and could be held responsible.

I am now asking that the Scotts be reassigned another building to do their business in. The Gordon Persons Building is no longer going to be stable as long as they are entering the building.

I thank you and your people for their good service in this building and hope that we can continue to work together in a friendly atmosphere.

TO: Mr. James Swarengin

I am writing you pertaining to our conversation on January 23, 1996 about the problem my husband (Calvin Scott), the blind vendor, and I are having from Fred Morris, the security guard.

My husband, Calvin Scott, asked you for a handicap parking space in the loading dock. Your answer was no, because God said there should be no respect of person, and if you do, you would be respecting person.

Behold, the Lord, our God, spoke these words:

1. "Ye shall do no unrighteous in judgement: thou shalt not respect the person of the poor, nor the mighty: but in righteousness shalt thou judge thy neighbour." (Lev. 19:15)
2. "Thou shalt not curse the deaf, nor put a stumbling block before the blind, but fear thy God: I am the Lord." (Lev. 19:14)
3. "Ye shall not respect persons in judgement; but ye shall hear the small as well as the great; ye shall not be afraid of the face of man; for the judgement is God's: and the cause that is too hard for you, bring it unto me, and I will hear it." (Deut. 1:17)
4. "Cursed be he that maketh the blind to wander out of the way and all the people shall say, Amen." (Deut. 27:18)
5. "Cursed be he that confirmeth NOT all the words of this law to do them, and all the people shall say, Amen." (Deut. 27:26)
6. "Blessed are they that hear the word of God, and keep it." (Luke 11:28)

February 10, 2005

Dear President George Bush:

I, Calvin Scott, Sr., am a Blind Vendor with Alabama State Rehabilitation Business Enterprise Program(BEP) for the Blind in Montgomery, Alabama. I have been a blind vendor in good standing in this program for the past 29 years.

My assigned work facility is the Gordon Person's State Office Building located at 50 Monroe St in Montgomery, Alabama 36104. I have performed outstanding vendor services in the Gordon Person's State Office Building for the past 9 years of my 29 year career in this business.

Just recently I arrived for work at my assigned building and discovered that the State office building manager had installed electronic card readers on doors that I could not enter because I was not assigned a permanent id card with access to one of my work areas.

When I requested to be granted the same access as any other state employee who works in the same building I was denied access.

This is clearly in violation of Federal Law. Title I of the Americans with Disabilities Act (ADA) requires an employer with 15 or more employees to provide reasonable accommodation for individuals with disabilities, unless it would cause undue hardship. A reasonable accommodation is any change in the work environment or in the way a job is performed that enables a person with a disability to enjoy equal employment opportunities.

Furthermore, when I requested assistance from my Blind Enterprise Program representative regarding this act of discrimination I received unsatisfactory results that severely limit my ability to perform my work in my assigned building.

Decisions were made without my knowledge or consent by the Blind Enterprise Program representatives (Director and Assistant Director), the program commissioner, and the State Office Building manager that also are in clear violation of Alabama State Code 1975 §§ 21-1-40 and 21-9-9; 20 U. S. C. § 107 et. Seq.

All of the rules and regulations in the Blind Enterprise Program fall under the above Alabama State Code, Title I of the Americans with Disabilities Act (ADA) , and includes the following taken directly out of the regulation handbook:

**795-7-12-.01ER Review - General**

**795-7-12-.02ER Administrative Review**

**795-7-12-.03ER Conference with the Commissioner**

**795-7-12-.04ER Full Evidentiary Hearing**

None of the above State Rules, Laws, or Regulations were adhered to. The same State Rules, Laws, and Regulations require that the above steps and/or processes be followed to the letter before any decisions affecting my work environment under this program can be made.

Therefore, I am requesting emergency assistance from President George Bush to intervene and force the Blind Enterprise Program (BEP) and it's representatives (Director and Assistant Director), the program commissioner, and the State Office Building manager to cease and assist from making any life changing decisions without my consent and for them to follow the State and Federal Laws currently in place. All of those involved are also violating their individual oaths of office that they are sworn to uphold.

Additionally, I have already filed a complaint with the United States Department of Education Office for Civil Rights, but this could take several weeks if not months for them to get fully involved in this case.

The decisions that were made on Feb. 9, 2005 without my knowledge or consent by the Blind Enterprise Program representatives (Director and Assistant Director), the program commissioner, and the State Office Building manager that also are in clear violation of Alabama State Code 1975 §§ 21-1-40 and 21-9-9; 20 U. S. C. § 107 et. Seq. will ultimately force me out of this vending business within the next 15 days and I need immediate assistance from President Bush to prevent this happening.

In closing, please contact me immediately at (334) 272-2657 so that I may conference with you to discuss this matter in more detail and so that I may continue to work and support my family and myself. I look forward to hearing from you very soon.

Sincerely,

RE: Request for Job Resignation

Director James Allen Main:

I, Calvin Scott, Sr., am a Blind Vendor with Alabama State Rehabilitation Business Enterprise Program(BEP) for the Blind in Montgomery, Alabama. I have been a blind vendor in good standing in this program for the past 29 years.

My assigned work facility is the Gordon Person's State Office Building located at 50 Monroe St in Montgomery, Alabama 36104. I have performed outstanding vendor services in the Gordon Person's State Office Building for the past 9 years of my 29-year career in this business.

Out of the 9 years that myself and my assistant/wife has worked at the Gordon Person's State Office building we have endured being disrespected, humiliated, intimidated, discriminated against, threatened, and just out slandered by your Plant Maintenance Supervisor James (Buddy) Swearengin.

Most recently on Feb. 7, 2005 your Plant Maintenance Supervisor James (Buddy) Swearengin drafted a letter full of lies and contempt in an effort to cause me, a blind-vendor, to loose my job in the Gordon Person's office building. This act alone demonstrates Mr. Swearengin's abuse of power and also violates Alabama State Code 1975 §§ 21-1-40 and 21-9-9; 20 U. S. C. § 107 et. Seq

Furthermore, when your Plant Maintenance Supervisor James (Buddy) Swearengin declined to give me card access to my snack machines that I support he also violated Federal Law Title I of the Americans with Disabilities Act (ADA) which requires an employer with 15 or more employees to provide reasonable accommodation for individuals with disabilities, unless it would cause undue hardship. A reasonable accommodation is any change in the work environment or in the way a job is performed that enables a person with a disability to enjoy equal employment opportunities.

Mr. Swearengin has disrespected me and my wife on numerous occasions over the past 9 years, most of which were brought to my Department of Rehabilitation representatives attention, but yet James (Buddy) Swearengin has continued to be disrespectful, most uncooperative, and slanderous. Mr. Swearengin's lack of professionalism and disrespect will not be tolerated by myself or my wife/assistant, nor should it be tolerated by anyone else.

Therefore, I believe with all my heart that it would be in the best interest of all of those involved for you to request that your Plant Maintenance Supervisor James (Buddy) Swearengin resign immediately from his position of power as Plant Maintenance Supervisor. Mr. Swearengin's constant abuse of power and violation of both Federal and State laws protecting handicapped and disabled workers demonstrates his lack of professionalism and respect for the law and should not go unpunished.

Thank you for your prompt attention to this urgent matter and I look forward to hearing from you soon.  
If you need further information I can be reached at (334) 272-2657 via phone and/or fax at the same number.

Sincerely,  
Calvin Scott, Sr.  
Blind BEP Vendor

To Whom It May Concern:

The allegations written by James (Buddy) Swearengin are unfounded, false, and untrue.

On January 31, 2005 I asked BEP Director Ray Dennis and my BEP Representative Kenneth Green to assist me with acquiring the following three items from Plant Maintenance Supervisor James (Buddy) Swearengin :

1. a permanent electronic access card(swipe card)
2. removal and relocation of one snack machine to a better location
3. a handicapped parking space for the Blind Vendor

But to my surprise my BEP Assistant Director Perry Hopper and my BEP Representative Kenneth Green returned with an outrageous letter full of lies and contempt from the building Plant Supervisor James (Buddy) Swearengin which basically is another attempt to cause me to loose my position as a blind vendor in the Gordon Person's State Office Building.

Yours truly,
